 **2-6 YEARS**

### Product Information

Product type Spring mobiles  
Certification EN-1176  
Dimensions 0,6 x 0,3 x 0,7 m  
(length x width x height)

### Materials

HDPE polyethylene sheet material  
Special steel spring 20 mm thick  
All metal parts are treated against rust and polyester coated  
All nuts and bolts are fully shielded with flower-shaped protection caps  
Type of wood: padouk (tropical hardwood)  
Non skid HDPE seat  
Plastic handles and foot rests

 **1-3 PERSONS-HOURS**

### Technical Information

Maximum fall height < 1 m  
Security zone 6 m<sup>2</sup>  
Number of children 1  
No concrete required  
No surface fixation available

### Product Description

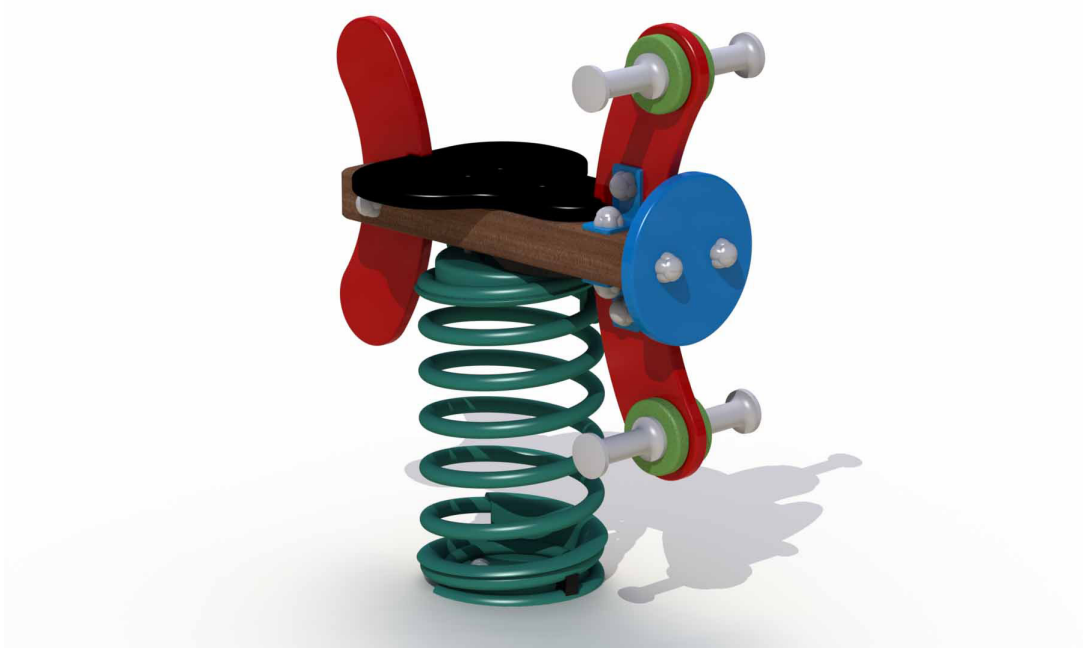

Spring mobile for children from 2 to 6 years. The spring mobile is made up of a polyester-coated spring that is mounted onto a galvanized ground fixation. On top, a figurative sitting element in the shape of a half moon is mounted. The figures and the seats are made up of vandal-resistant and colourfast HDPE polyethylene. The spring is made of 20 mm thick spring steel. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps. The spring is designed so that you can never get clamped, not even at the heaviest load. The elasticity of the spring is calculated so that the movement comes to its right even for the little ones.
