Concrete required	
No surface fixation available	

Materials

Metal poles of 127 mm
Metal tubes of 60 mm
Polyester-coated metal parts
Aluminium and plastic clamps
Plastic pole caps
HDPE polyethylene sheet material

Product Description

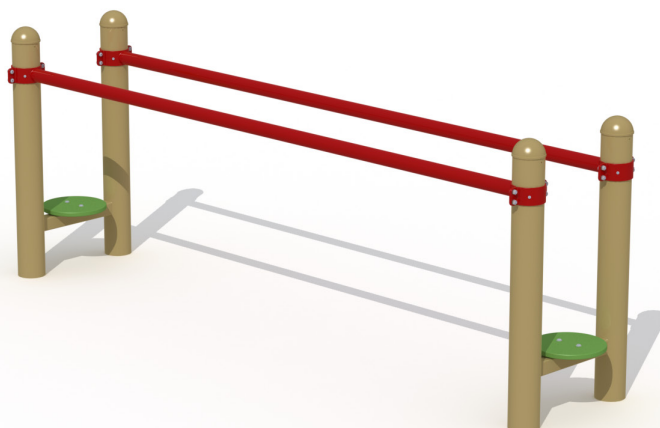

Metal playground equipment for children aged 6 to 12. This playground equipment has 4 vertical metal poles with a diameter of 127 mm and 1,20m height, placed in a rectangular. 2 red metal tubes are installed between the poles, parallel to each other, at a distance of 80 cm. The purpose is to go from one side of the playground equipment while leaning on the red tubes without touching the soil. All metal parts are treated against rust and polyester coated. All nuts and bolts are completely covered by flower-shaped plastic protection caps.
