### Product Description

Covered playground platform with several access possibilities for children aged 2 to 6. The platform has a height of 52 cm and can be reached via a two-fold platform staircase with metal tube railings, a climbing arch, a mini-gliss and a HDPE polyethylene climbing arch with wooden climbing holds. The whole is covered with a roof from rounded colorful HDPE polyethylene panels. Various parts of the playground equipment are equipped with plastic handles that facilitate climbing. The round wooden larch poles have a diameter of 10 cm and are fixed into or onto the ground using metal base supports.
